THESE ARE THE FAVORITES WITH EXPERIENCED GARDENERS EVERYWHERE

AMI QUINARD Intense dark crimson, almost deep as black velvet. Beautiful urn-shaped bud seems black; then opens to rich, deep crimson blooms of lovely form. Very profuse. Ami Quinard is a classic.

CHRISTOPHER STONE Brilliant, sparkling scarlet-crimson. Particularly profuse in its freedom of blooms all season. Very vigorous. One of the best.

CONDESA de SASTAGO The leading two-tone rose. Fiery-copper red inside of petals and rich yellow outside. A riot of rich unusual colors. Fragrant!

ETOILE DE HOLLANDE So perfect, it's the standard against which other red roses are judged. Superb deep color, strong fragrance and profusion of bloom have made this a favorite with everyone!

GOLDEN DAWN Very large rich yellow. Gorgeous buds are splashed carmine and open into enormous sunflower-yellow fragrant blooms.

PRES. HERBERT HOOVER An amazing blend of maroon and orange tones. Huge size, very profuse and richly perfumed. Considered the most brilliantly colored of all roses by experts from coast to coast.

MRS. SAM MCGREDY Scarlet-copper-orange flushed red. Another one of those beautiful big roses with an almost impossible blend of rich color. Fragrant.

NEIGE PARFUM Like a gorgeous big white peony. This is so rich in its lemon-verbena fragrance that it's recognized as the most fragrant of all roses!

PICTURE The finest clear pink, according to American Rose Society rating. Beautifully formed, medium-size, blooms continuously all season. Fragrant.

POINSETTIA Magnificent rich scarlet . . . like glowing fire-red. One of the finest red, red roses! Has very good form, fragrance, size and everything else that's desirable in a perfect rose for your garden.

RED RADIANCE Deep rosy-red . . . with all the fine qualities you'd ever expect to find in ONE rose!

ROSLYN Deep-golden yellow with darker shadings in the half-open bud. A rugged dependable performer; will give hours of garden pleasure all season.

My Black and White Printing Saves you Money

It sure costs money to do things these days . . . and color printing is at the top of the list! I get cold chills when I think what it would cost to print this whole catalog in color. It sure would be pretty, but then most of you folks know what roses 'n apples look like!

The thing you want from Geneva Gardens is PLANTS . . . the biggest, best, strongest growin' plants you can get! That's the thing I'm concentrating on. I'd rather spend money on fertilizer and cultivation than to short change you on quality so I could afford colored printing. It seems to me too many folks waste money on fancy trimmings, and I just don't want to do that with my friends. That's why I'm sending you an inexpensive black & white printed catalog!

Voted the Most Perfect Red Rose!

CRIMSON GLORY

A Favorite with Everybody!

Continuously in bloom with deep, rich crimson roses of glorious form and fragrance. No other rose can touch it! *Voted their Top Favorite by members of the American Rose Society.* Also voted the Most Fragrant. Deep red buds are perfectly formed; unfolding slowly into high-centered blooms of velvety crimson.

Crimson Glory is so rich in color; so perfect in form and size; so gracious with its delicious fragrance that it deserves a prominent place in every garden. Treat yourself and the family to several plants this Spring. (Pat. 105)

\$1.75 each; 3 for \$4.95; 6 for \$9.90

***DIAMOND JUBILEE** *The famous Jackson & Perkins Anniversary Rose!* Magnificent 5 to 6" blooms of warm glowing buff-orange produced rapidly. Heavy textured petals do not burn or fade. Pat. 824.

\$2.25 each; 3 for \$6.45; 6 for \$12.90

ECLIPSE *Most popular and most dependable of all golden yellow roses.* Particularly famous for long, graceful "streamlined" bud. Blooms profusely all season. Pat. 172.

\$1.75 each; 3 for \$4.95; 6 for \$9.90

ENCHANTMENT Ever see a peach-pink rose so big it didn't seem real? It was probably Enchantment. *6 to 7" blooms are the rule... and they're like that all season!* Pat. 737.

\$2.25 each; 3 for \$6.45; 6 for \$12.90

***FORTY-NINER** Very spectacular! Inside of petals vivid red, and outside of petals a chrome-yellow. *One of the brightest of all roses.* Extremely vigorous. Pat. 792.

\$2.25 each; 3 for \$6.45; 6 for \$12.90

***K. T. MARSHALL** Warm glowing pink of perfect form and luxuriant, rich growth. Dependable performer week-in-and-week-out. Very likely to become one of your favorites. (Its one of mine!) Pat. 607.

\$1.75 each; 3 for \$4.95; 6 for \$9.90

MANDALAY *Largest of all yellow roses; blooms over 6" across... gigantic beauties!* The clear, pure gold never fades. Pat. 775.

\$2.25 each; 3 for \$6.45; 6 for \$12.90

NEW YORKER Known to many as "*The BEST Red Rose of All Time*"... and it really is that good! A red, red rose that never fades. Blooms always clear and sparkling; often 6" sometimes more! Pat. 823

\$2.25 each; 3 for \$6.45; 6 for \$12.90

***PEACE** The Most Beautiful Rose in The World! (Complete description page 26; full color illustration on back cover.) See the **NEW CLIMBING PEACE** on page 10.

Bush or Climber... \$2.25 each; 3 for \$6.45

ZULU QUEEN *The darkest and blackest of all red roses!* A striking deep maroon, almost black in its center. Not unusually profuse, but very satisfactory. Pat. 363

These EVERBLOOMING Hybrid

Just About

E. G. HILL (above) A Brilliant, Spectacular Scarlet-Crimson. Never fades or turns blue, but instead becomes deeper and deeper as the lovely blooms open. Remarkably profuse too! Its dazzling color and masses of blooms make this a top variety wherever fine roses are grown.

EDITOR McFARLAND Deep, clear pink. Named in honor of America's greatest rose grower, and a fitting tribute to his beloved memory. Considered by many to be the finest deep pink rose in the world.

EDITH NELLIE PERKINS Magificent! Orange-cerise and salmon, tinged with gold inside. Perfect buds open into unforgettable blooms of classic form. Fragrant; vigorous and blooms very freely.

K. A. VICTORIA Handsome, pure ivory-white. So beautiful and easy to grow that it has been a top favorite since 1891! Millions of plants sold in the past 60 years, and it's still going as strong as ever. What better recommendation could any rose have?

TALISMAN You probably know this one; it's a florists favorite when you buy cut roses. Glorious combination of orange-yellow and rose-red, with beautiful long, pointed buds and bright, showy blooms. The Fall bloom on Talisman is especially gorgeous.

CALEDONIA One of the best whites. The long handsome buds open into high-centered blooms of ivory, gradually changing to pure white. Very fragrant.

DUQUESA DE PENARANDA Intriguing orange-apricot, with deeper copper tones. You'll also love its fragrance, and you'll be absolutely amazed at its tall strong growth. Noted for its continuous blooms.

Teas Give Your Garden Color All Season Long! *And What Color!*

MARGARET McGREDY Orange-scarlet to carmine-rose. Grows so vigorously that it's never without flowers from early June until hard killing frosts. Very, very good!

McGREDY'S IVORY Pure, lovely creamy-white. Very long, pointed buds open into beautiful high-centered blooms. Frequently a Blue Ribbon Winner.

McGREDY'S SCARLET Vivid, luminous rose-red with a bright scarlet sheen. Profuse in bloom; remarkable in size. Just one or two plants will perk up your whole garden and make it look like a million dollars!

MME. JOS. PERRAUD Warm, rich coppery-yellow tones. Swell exhibition rose. Perfect form, long stems and beautiful foliage. If you don't know this one, by all means try it!

MRS. P. S. DU PONT Another fine yellow, but this one is deep and golden. Known far and wide for its unusual vigor and remarkable profusion of blooms.

SISTER THERESE

SISTER THERESE

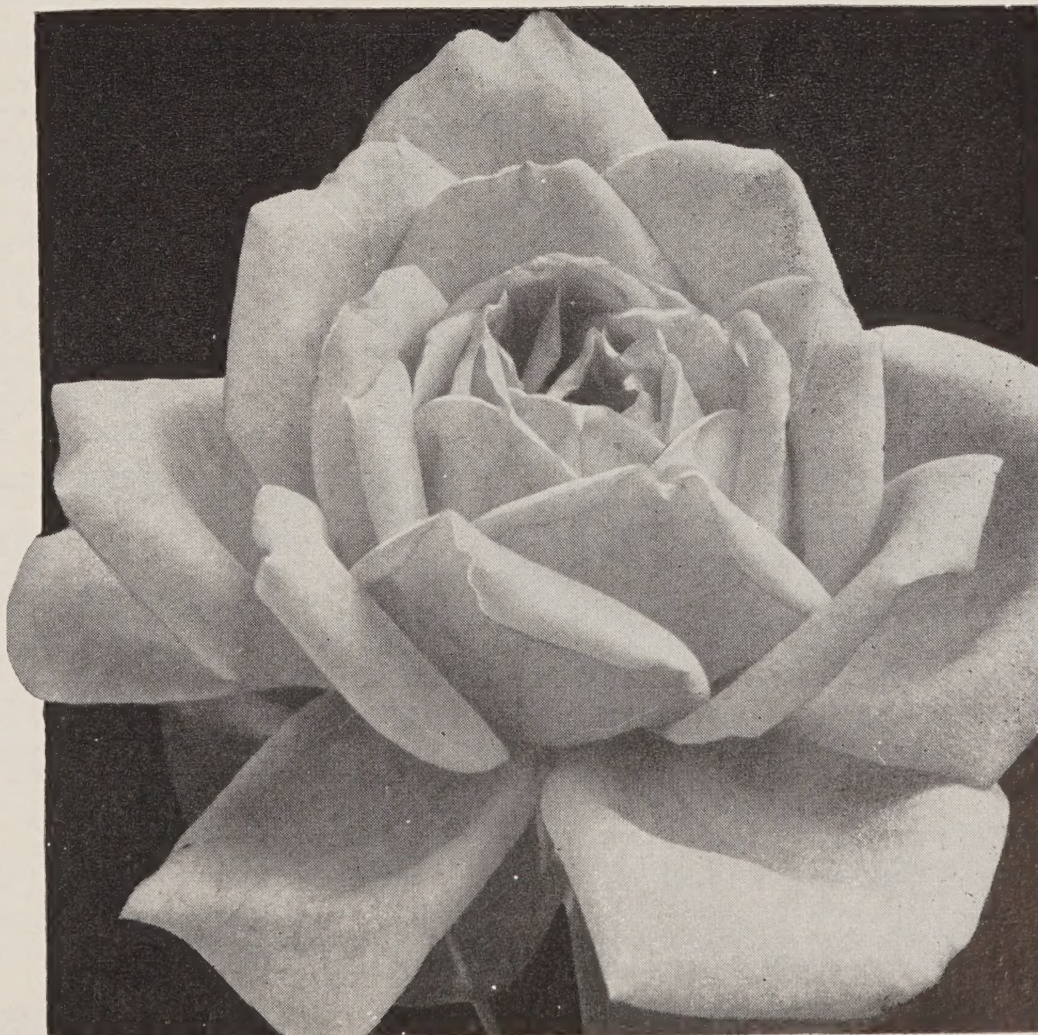

(Illustrated right)

This'll sure make your neighbors sit up and take notice. You never saw a prettier sight in your life than one of these bright yellow Sister Therese roses with the sun on it.

It's a bright sparkly daffodil-yellow with carmine hemstitching around some of the petals. Grows like the dickens and keeps bloomin' week-in and week-out from June right up until frost.

It's big too! Blooms frequently reach 5" across. The folks in the American Rose Society rate this one of their favorite yellows.

Floribunda Roses Covered with

PINOCCHIO blooms so profusely...so lavishly, that it's absolutely beyond description! Each bush is covered with hundreds of salmon buds and soft clear pink blooms. Cluster after cluster, each loaded with dozens of these lovely roses, make every single plant a riot of color from June right through until frost. The above illustration is typical of what you may expect right in your own garden. Pat. 484

\$1.75 each; 3 for \$4.95; 6 for \$9.90

FASHION Leads the 'Hit Parade' of new Floribundas. Clusters of warm, rich oriental-red buds open to exquisitely formed blooms of coral-pink brushed with gold. Graceful wavy petals and a striking golden center. So good it won All-America honors, plus awards from several foreign countries. Pat. 789.

\$2.25 each; 3 for \$6.45; 6 for \$12.90

BETTY PRIOR Teeming with clear pink blooms in great broad clusters. Looks like Red Flowering Dogwood, but in an exceptionally large bush. This is my own favorite rose because it blooms freely all season no matter where you plant it. Use it as an ever-blooming giant shrub; to 5' tall. Pat. 340.

LIVING FENCES

Beautify and Protect Your Property with These
Amazing **MULTI-FLORA ROSES**

KEEP OUT DAMAGE, NOISE AND TROUBLE!

The lovely pinkish white blooms that will completely cover your Living Fence in June. These are followed by bright red berries in the Fall.

Here's the whole story on the much talked about Ed Scofield Living Fences... the toughest, fastest growing hedge in the world! It's a plant that actually makes a dense, impenetrable screen in just a few months. Yet they're beautiful. Covered with roses in June; loaded with red berries in the Fall; green and full right to the ground all season. The most beautiful, inexpensive "fence" you can buy... and it needs absolutely no special care!

EASY TO PLANT; STAYS THE SIZE YOU WANT IT

These vigorous, husky plants of mine don't demand any special soil or location. Just plant them 18 inches apart and the plants do all the rest. You'll have your own 3 to 4 foot Living Fence in just a few months. Trim lightly with hand clippers if you want the hedge low and broad; trim only the sides if you want your Living Fence to become 5 or 6 feet tall. Then one or 2 trimmings a year keeps it that size.

The fence that mends itself! Grows like this in any soil, several feet high in just a few months.

Farms — Parks — Game Preserves

...SO DENSE NO PERSON OR ANIMAL CAN GET THROUGH!

IDEAL FOR BOUNDARIES, YET NO OFFENSE TO NEIGHBORS

All your friends and neighbors will rave about your gorgeous Living Fence with its profusion of roses and red berries. So rich and green that no matter where you plant it, no matter how tall you let it grow, how dense it becomes...everyone will only admire and praise. Yet you'll have more privacy and more protection than you could get even from a brick wall!

GROWS VIGOROUSLY ANYWHERE... IN ANY SOIL

My special strain of Multi-Flora Rose thrives and grows fat on poor soil, cold weather and lack of care. It will flourish where other plants wither and die. I guarantee that if your soil is good enough to grow a healthy crop of weeds, these Ed Scofield Living Fence plants will grow and flourish beyond your wildest expectations. Just set the plants carefully with the roots well spread out, cover them with finely pulverized soil and water thoroughly. Then simply trim the new growth to keep the plants compact. It'll be thicker, more dense and more impressive each year.

RECOMMENDED BY U. S. DEPT. OF AGRICULTURE

Multi-Flora Roses are so tough and hardy they're officially recommended to take the place of barbed wire fences on farms. Once established, a Living Fence will keep horses, cows, sheep, goats or pigs inside a pasture lot. Intruders can't get in; animals can't get out. Also recommended by the U.S. Soil Conservation Service and by many State Conservation Departments. A farm fence that actually mends itself...prevents soil erosion, provides feed and cover for game birds.

ECONOMICAL PLANTING FOR FACTORIES AND INSTITUTIONS

Factories and Institutions all over the country have planted Living Fences to beautify and protect their property. Nothing can hurt these tough, fast growing boundary plantings, yet they'll do the same job as an expensive wire fence...and do it better! Smoke resistant...dirt resistant...disease resistant, it grows under almost any condition, always making a dense tangle that absolutely keeps out intruders.

TREE ROSES

Red-Yellow-Pink-White

Guaranteed to Bloom This Year!

Richer color... enormous blooms, better form, lovelier buds! You'll get the most beautiful roses you've ever seen in your life from these magnificent tree roses of mine. One customer told me that his tree roses were so beautiful that they were worth \$25.00 a piece to him. That's no exaggeration either because the blooms you get on tree roses are absolutely unequaled in any respect. If you like roses and want to see perfection for color, form and size, then plant tree roses this Spring.

EASY TO GROW—BEAUTIFUL ANYWHERE

They'll grow and bloom just like a bush rose except that the flowers are more beautiful. Tree roses don't require any special care or attention...yet their superb beauty and striking appearance will take your breath away. Tree roses fill a very special place in any garden large or small. No matter where planted, no matter how used, even one tree rose will make the most beautiful garden seem more beautiful...will make an ordinary back yard seem like an estate.

*In addition to ordering by color,
here are two Special Tree Roses

Geneva-Grown SHADE TREES

On Those Hot Sweltering August Days How Are *You* Fixed For SHADE?

GOLDEN WEeping WILLOW...Fastest growing tree of all...grows as much as 5 or 6 feet in a single year. Unequaled for quick shade... immediate effect...gorgeous beauty over night! Prominent and striking no matter how or where used. You can't beat this tree to provide shade in barren, open hot places. Long slender branches "weep" down to the ground in sweeping grace. Very vigorous...grows anywhere, but prefers moist ground. 6'-8' trees \$2.95 ea.; 3 for \$8.45

CHINESE ELM...Another particularly fast growing shade tree. Strong, up-right trunk and large, well-shaped head; resembles other slower growing shade trees, but the Chinese Elm grows much faster...gives you a quicker effect than other Elms or Maples. Here's a quick easy way to beat the heat...cool your home...install your own air conditioning simply by planting a few of these fast growing trees where they'll shade your house. They'll lower the summer temperature as much as 10 or 15 degrees. Also increases the value of your property by many times the moderate cost of the trees. The Chinese Elm is very hardy and vigorous; not at all particular to soil and exposure. 6'-8' trees \$2.50 ea.; 3 for \$7.15

LOMBARDY POPLAR...Most dramatic and prominent of all trees... Very tall and slender, but completely solid with many upright branches and handsome, shiny foliage. Ultimate height 80-100 feet. Excellent for tall hedges, windbreaks, screens. Grows very rapidly! 6'-8' trees...\$1.35 each; 3 for \$3.85; 6 for \$7.70

WHITE BIRCH...Loveliest of nature's gems...beautiful, delicate, lovely in any setting, any location. The snow white bark and the rich green foliage of the White Birch tree gives it a charm and character unlike anything else. Of course, the Birch is a slender, delicate tree, but its shiny white bark with finely etched lines of black make this a thing of rare beauty and distinction.

6'-7' Standards (single stem) \$4.75 ea.; 3 for \$13.50

6'-7' Clumps (3 stems) \$6.50 ea.; 3 for \$18.50

SILVER MAPLE...Fastest growing of all the maple trees. Foliage silvery underneath. Very satisfactory where quick effect is needed. Gets to a height of 50-60', but they break easily when they're big. 6-8' trees...\$2.49 each; 3 for \$6.75

EUROPEAN LINDEN...Grows slowly and steadily, to become one of the most stately and richest of all shade trees. Broad, dense trees 50-60 ft. tall not uncommon. Small, dark glossy foliage. 6-8' tree...\$5.00 ea.

EUROPEAN MOUNTAIN ASH...Somewhat small trees covered with clusters of flashy orange berries from August to frost. Very decorative and ornamental, but attains a height of only 25'. 6-8' trees...\$4.00 ea.

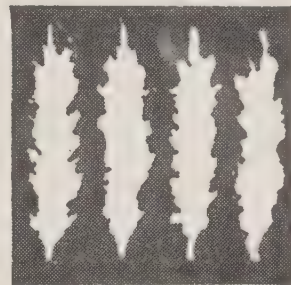

PIN OAK...Fastest growing of all oaks. Very symmetrical, well-balanced shape...almost like a giant cone. Branches very angular, tight and close together. Main branches come out straight from the trunk. Gorgeous coppery red in Fall. Ultimate height 50-60 ft.

6-8' trees...\$6.00 each

NORWAY MAPLE...Compact, well-shaped maples of steady, regular growth. Dense, rich foliage; gorgeous fall coloring. 6-8' trees...\$4.00

SUGAR MAPLE...When artists want a stately shade tree, they invariably paint Sugar Maples. Broad, massive heads of interesting, slightly irregular shape. Eventual height 50-60'. 6-8' trees...\$4.00 ea.

DWARF PEAR TREES

Now Only **\$2.95**
(Formerly \$3.50) **Postpaid**
3 for \$8.45

BARTLETT PEARS... So juicy you'll eat them with a straw. These gorgeous big yellow pears have more juice, more flavor, more vitamins...more of everything than any other pear on the market. A favorite with home owners and fruit growers for years. Plant a couple of these this Spring and you'll soon have fruit from these miraculous baby trees. When word of the enormous golden yellow pears gets around the neighborhood, you'll have to guard your trees with a shotgun.

Only 8' tall when fully grown, these trees do not one, but TWO jobs for you and do them well. They're beautiful landscape plants no matter where you use them in the garden AND the fruit is always like the pears you see in Blue Ribbon exhibits at the County Fair.

Each Geneva-grown Dwarf pear tree is absolutely guaranteed to add a magic touch to your garden. Ideal no matter where or how planted because each tree is a thing of beauty throughout the entire season.

Dwarf Bartlett Pears, Special price

3½'-4½' trees postpaid. \$2.95 ea.; 3 for \$8.45

Never before has there been such an opportunity...these special Geneva-grown, quick-bearing Dwarf trees are yours at the lowest price in history.

Out on one of the farms I've had one of the most terrific crops in years. The trees are simply gorgeous and there are more of them than I usually grow...that's why I've been able to cut the price to \$2.95 each, postpaid. These amazing "baby" trees are just about 4' tall. In your garden they'll take up no more room than a lilac bush, but what a thrill when you pick big, fat, luscious pears next year. Yes, that's right...get them started in your garden this Spring and next year you'll actually be picking fruit from your own Dwarf trees right in your own back yard. These faster bearing Geneva-grown Dwarfs are grown from special buds that are grafted on another special root stock. Even in the smallest garden you can now enjoy your own fruit trees without ever crowding out roses, perennials, or any other flowers.

DUCHESS d'ANGOULEME... A fancy name, but it certainly deserves it. Bears enormous fruit, so big that your neighbors will rub their eyes in astonishment when they see these pears. The flesh is smooth, tender and absolutely oozing with sweet delicious juice. Honestly, you'll eat these pears with a spoon.

3½'-4½' trees \$2.95 ea. postpaid; 3 for \$8.45

CLAPP'S FAVORITE... This is a beautiful yellow mid-season Bartlett. A top favorite for eating...a top favorite for picking, but ripens 2 or 3 weeks earlier than the regular Bartlett pear. Bright yellow fruit even bigger than the illustration above.

3½'-4½' trees \$2.95 ea. postpaid; 3 for \$8.45

SIZE FRUIT From Amazing DWARF Trees!

*Easy To Pick . . . Easy to Take Care Of!
Gorgeous and striking no matter how used.*

Customers have written me from all over the country to compliment me on the marvelous Dwarf fruit trees I ship out. They're grown under the most exacting conditions, watched over and cared for by experts. These Geneva-grown Dwarf fruit trees are world famous for bearing quicker crops . . . because the fruit is crammed with more flavor, more juice, more vitamins and more natural sugar! Only 8' tall even when fully grown, these gorgeous Dwarf trees can be used in hundreds of ways in any garden.

DWARF APPLE TREES

RED McINTOSH...Crisp, tender white flesh... oozing with sweet clean juice like nectar...you just can't beat a McIntosh for an eating apple. It's just so much better than any other apple that there's no comparison. No other variety even begins to equal it. Bears tremendous crops of big, luscious bright red fruit in late September. Every apple simply bursting with vitality and so juicy that we have thought of sending out bibs with every tree. Crisp . . . oh, brother! When you sink your teeth in one of these, you'll know you're having a treat. Plant several so you'll be sure to have plenty.
3½'-4½' trees \$3.95 ea. postpaid; 3 for \$11.25

RED DELICIOUS...Here's the firm, solid, fine-textured apple you usually find in stores. Red and cone shaped it has 5 knobs on one end. Marvelous keeping quality, ripens late.

BERRIES AND NUTS

Chinese Chestnuts

Delicious sweet Chestnuts from amazing blight resistant trees of special imported Chinese stock. A unique combination of a beautiful ornamental tree plus the sweetest, tastiest nuts you ever ate.

You'll be amazed (and delighted too) with these gorgeous Chestnut trees that give your home shade, beauty and fruit all at the same time. They're unusual as shade trees because they have exceptionally long, dark, glossy foliage. Year in and year out the trees become more beautiful.

YOUR OWN CHESTNUTS IN TWO YEARS

Then in just a couple of years, they'll start bearing the first crop of nuts. You'll be as impatient as a kid at a birthday party when you first see those big, fat green burrs. You'll watch them every day until the burrs open and the ripe nuts fall to the ground. Then you'll really experience an entirely new garden thrill when you taste fresh roasted chestnuts off your own chestnut trees.

NEW BLIGHT RESISTANT TREES

For years and years the native American Chestnut was one of the favorite trees and, of course, the chestnuts themselves were a favorite delicacy. Ever since the blight wiped out all these trees, the U. S. Department of Agriculture has been constantly testing new varieties in the hope of finding one that would thrive in this country.

What a thrill it is to be able to tell you that at last you can have your own blight resistant Chestnut tree right in your own back yard. As a shade tree...as an ornamental...as a means of increasing your property value...as a new gardening thrill for anyone...these amazing Chestnut trees honestly can't be beat.

For best results, plant at least two so they can cross-pollinate each other.

2'-3' trees \$2.50 ea.; 3 for \$7.15

WHITE SPIREA...The popular early white spirea makes a beautiful flowering hedge. Left untrimmed, it will arch over to the ground in white sprays like a miniature waterfall; trimmed in a formal shape, it still blooms very freely in early spring. Ideal for a tall hedge. Grows 4-6' tall.

12-18" plants...\$3.95 for 10; \$9.40 for 25;
\$35.00 for 100

RED HONEYSUCKLE...Here's the one for really **TALL** hedges! Grows to an ultimate height of 8 or 10 feet, but planted close together it will make an ideal informal hedge. Dense and fast growing.

12-18" plants...\$3.95 for 10; \$9.40 for 25;
\$35.00 for 100

Customers write me,

"THE MOST BEAUTIFUL ROSE EVER GROWN!" *Peace* →

"WONDERFUL!...SUPERB!...Too beautiful to be true! The most beautiful thing on earth! The best rose I've seen in 58 years!"

Four and a half pages go on like that about Peace Rose in the American Rose Society's Proof of the Pudding. That's the place where experts from all over the country send their comments about new roses. Never before has a new rose made such a clean sweep wherever it was grown.

ABSOLUTELY FOOL PROOF

And the most amazing thing is that you don't have to be an expert to have blooms just as big and just as beautiful as that one shown in color on the opposite page. Just get some of my famous Geneva-Grown plants this Spring and, believe it or not, you'll have roses just exactly like the picture by the end of June. Not one, mind you, but dozens and dozens of these gorgeous ever changing golden roses 6" and more across.

Just as fast as one bloom fades, new rich golden buds with their lovely scarlet edges spring up to take its place.

ALWAYS IN BLOOM—GORGEOUS COLORING

The lush rich plant is one that you can count on for flowers at any time from Spring until frost. It's practically hopeless to try to describe the amazing changes of color that take place between the dark gold bud and the pale delicate color of the mature rose as it finishes. Even the experts argue for hours about this because Peace varies in its delicate shades so much that no one has yet been able to describe it adequately.

If you can have just one new plant for your garden this Spring, there's no question what it should be. Plant Peace roses and you're in for the greatest thrill in gardening.

Red Rich (Pat. #993)

THE AMAZING **NEW BERRY** →

"The best new everblooming strawberry since 1914", According to Minnesota Nursery Inspector.

Yes, sir, that's exactly what George W. Nelson, Minnesota Nursery Inspector for many years, said about this new strawberry. It's the biggest, reddest, sweetest strawberry you could ever hope to see and, on top of everything else, it really IS everbearing! Red Rich out-produces and out-yields all the other strawberries by a mile.

EXTRA LARGE—EXTRA SWEET

Red Rich is firm and sweet right clean through...retains its deep red color right through the entire berry. Has a very small core and the berry ripens evenly. So large that it hardly seems real...even a few plants in your garden will give you twice the crop that you could expect from the best strawberry you ever heard of before.

PERFECT STRAWBERRY FOR FREEZING, PIES & JELLIES

Another marvelous quality is the way you can freeze Red Rich. It remains firm and deep red all the time and doesn't mush up when it's thawed. On top of that, it's so honey-sweet that it doesn't even require sugar. Whether you eat these fresh from the garden or thawed after they have been frozen, you'll agree that Red Rich is the largest, sweetest, prettiest strawberry you've ever seen. Hurry and order yours while the supply lasts. An item as good as this is bound to sell like hot cakes. **Guaranteed plants sent postpaid in time for Spring planting.**
